RE-ELECTED DIRECTOR OF HARDWARE ASSOCIATION

H. W. Fly's Ability Recognized in his Re-Election as Official for Term of Four Years.

H. W. Fly, who attended the thirty-first annual meeting of the Western Retail, Implement, Vehicle and Hardware Dealers Association at Kansas City last week, was re-elected a member of the board of directors for a period of four years. This was in recognition of his business ability to be associated with men who are chosen for their business sense and the large interests which they represent.

The Association is the oldest and by far the largest organization of this kind in the United States. Missouri, Kansas and Oklahoma represent a large portion of the membership. Fourteen states in all are represented. The board of directors consists of eleven members, three of whom are from Missouri.

This organization has been of great benefit to the retail hardware and implement dealers and this has naturally been reflected to the advantage of their trade.

By means of its large membership this association has been enabled to exert a tremendous influence in many ways. It has secured more favorable freight and shipping facilities from which the consumer has benefited. It has secured from the manufacturers stronger and more liberal guarantees on standard lines of goods which has also been extended to the consumer. It has secured more liberal terms which have been granted fully to the retail trade, thereby giving them the opportunity of marketing their products at the most favorable period. It has secured from the manufacturer a high standard of efficiency and service on standard lines of goods and all dealers whose sympathy is with their trade are giving this line the same prompt service and efficiency to their customers.

This organization is, in fact, the connecting link between the manufacturer and the consumer, either of which is so necessary and indispensable to the other.

The dealer is indispensable to the manufacturer as a distributor of his products. He is also indispensable to the consumer through his ability of knowing and having such merchandise as will be demanded and rendering satisfactory service with every article sold by him.

EMORY E. SMITH CANDIDATE FOR RENOMINATION

The Times contains the announcement of Emory E. Smith for the renomination for the office of county attorney.

Mr. Smith feels that he is entitled to re-election as the office which he holds is only a two-year office, while other county officers serve four years. He has made a good record during his term and his honesty is never questioned. He has farmed, taught school, worked for the Frisco, served in the mail, city and rural service and practiced law. He has thus gained a variety of experience which stands him in good stead in the office which he now holds and for which he seeks renomination.

In his previous campaign Mr. Smith proved that he had many friends all over the county and he received a large popular vote. If re-elected to the office he will continue to work for the best good of the county.

OAKLEY UNION

The revival held by Revs. Goodnight and Ennis closed with twelve additional to the church and more to follow. The men have painted the church inside making a wonderful change in its appearance. The members have re-organized a Sunday school so Oakley Union is coming to the front.

The well drill is busy in this section, drilling for water. They are now on the third well. Sam Keeling, Arthur McGlothlin and M. E. Neill have had wells drilled.

A number of cases of bad colds and possibly flu keep Dr. Overton busy on the Creek.

Knox Overton is thinking of going west, probably to Colorado.

Some of the farmers have been gathering corn during the fine January weather.

Last Monday the birds flitted from tree to tree just like spring.

Mr. and Mrs. Arthur McGlothlin attended church at Mt. Joy, Sunday, the 18th.

Dr. and Mrs. Overton have a new grandson born January 17.

Uncle Jack Cooper and son Charles who have the grip, are improving.

POULTRY PRODUCTS EQUAL A MILLION

Missouri Poultry Breeders Marketed \$1,000,000 Worth of Stock and Eggs, Last Year.

At a meeting of the state poultry board held at Jefferson City this week the officers expressed the opinion that the poultry and poultry products of the state market last year will amount to fully \$1,000,000 when all the figures are available.

This is about one-fourth of all the crop products of the farms, gardens, and orchards of the state last year.
